GOVERNING BOARD MINUTES – Regular Board Meeting

Discussion Items

A) CEO Report, Maslah Yussuf

Quote of the Month

“The innocent will always be cleared no matter how they are accused of false allegations.”

1. **Positive Momentum and Strategic Staffing**

We are pleased to report that Iftin Charter School is moving in the right direction. This progress is reflected in our successful hiring of dedicated teachers from within our own community. These educators understand our students’ culture, identity, and lived experiences, which directly supports their academic and social development. This alignment between our staff and students strengthens relationships and fosters a culturally responsive learning environment.

2. **Enrollment Growth and Community Trust**

Our current enrollment stands at 550 students, a clear testament to the trust parents have in our school programs. Our ability to meet the needs of our most vulnerable children is evident in the growing number of families seeking admission. We are also proud to report a growing waitlist, which reinforces the community’s confidence in our ability to provide quality education and support for every child.

3. **Fiscal Prudence and Budgetary Discipline**

Our budget continues to reflect our commitment to fiscal prudence. We are maintaining a balanced approach to managing expenditures and revenues, ensuring sustainability and the responsible use of resources. By doing so, we protect our financial reserves while continuing to provide the best possible educational experience for our students.

4. **Grant Applications and Resource Expansion**

To enhance support for our students, we are actively pursuing multiple grant opportunities. Our aim is to secure additional funding that will directly address the diverse needs of our student body. These efforts are part of our broader strategy to reduce reliance on a single revenue stream and ensure long-term stability for our programs.

5. **Advocacy for Facility Expansion**

To meet the demands of our growing enrollment, we are advocating for access to the adjacent facility. Board President Dr. Johnson, Mr. Abdi, and I met with SDUSD Board Members Richard and Dr. Sharon, who have both expressed their support for our request. Access to this additional space is critical to accommodating our projected growth in the coming school year and ensuring our students have access to adequate learning spaces.

6. **Expansion of After-School Programs**

We have expanded our after-school program to now include a dedicated session on Fridays for student clubs. This is in addition to the academic support and homework assistance provided on four days per week. By offering these additional opportunities, we are nurturing students’ academic growth while also fostering their social-emotional development and extracurricular interests.

7. **Collective Commitment to Excellence**

We are proud to affirm that our school is on the right path. Our dedicated team, in collaboration with our families and community partners, is working tirelessly to ensure our students receive a high-quality education. This collective effort is driving continuous improvement, supporting academic success, and promoting well-rounded development for every child.

Closing

We are excited about the progress we have made and the path that lies ahead. If you have any questions or comments, we welcome your feedback and are more than happy to provide clarification or further information.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to develop a school safety plan.

The Comprehensive School Safety Plan will be reviewed and updated every year. In July of every year, the school will report on the status of its school safety plan.

A hardcopy of the Comprehensive School Safety Plan is available for review at the main office. Additionally, the Safety Plan is available on the school website:

ASSESSING THE CURRENT STATUS OF SCHOOL CRIME

Assessment:

Neighborhood crime: Iftin Charter School is located on El Cajon Blvd. in the College Area Business District just east of 54th Street in the old Jackson Elementary School Site. A portion of the campus to the East houses the Home/Hospital Transition Services of SDUSD; immediately South is Mann Middle School Complex; immediately North of ICS is a strip mall and Travel Time Hotel, and; immediately West is 54th Street.

According to the San Diego Crime Mapping report, during the month of January 2025 there were a total of 130 crime incidents occurring within a half-mile radius of the school. This includes all incidents occurring 24 hrs. per day, 7 days per week.

School safety incidents: During the 2024-25 school year, there were a total of 11 incidents 4 resulting in suspensions. There were no expulsions. The majority of suspensions were for mutual combat or fighting.

An additional campus safety concern that was identified is running on walkways between the lunch arbor and playground.

Neighborhood safety: The most immediate safety concern of Iftin Charter School is the neighboring hotel and retail area where much of the surrounding crime occurs. Our administration has been vigilant in assessing and heading off potential problems. By building relationships with property managers and owners, we have been able to get their support in helping to keep the neighborhood safe. The hotel management works cooperatively with the school to make sure there are no code violations and they are quick to address any problems or concerns with the residents. Screens have been installed and maintained on all exterior windows facing the school. Iftin Charter School has safety personnel stationed out front during the hour's students arrive and leave the campus. Entry and Exit of the school are limited requiring all persons entering or exiting the school to do so through the school office.

School Safety Goal 1: Reducing arguing and intolerance that leads to fighting and threats: The Iftin Charter School's goal is to eliminate fighting or threats of violence by students by reducing the arguing and intolerance that leads to fighting. Iftin has developed a character education program that focuses on one-character trait per month. These traits include Respect, Tolerance, Responsibility, Honesty, Courage, Perseverance, Confidence, Kindness/Sincerity, and Generosity. This program teaches values and principles to live by that will help students develop good relationships with others and make good social and behavioral choices-even when confronted by difficult situations. Individual teachers are able to tailor the program to address particular issues relevant to the class. Students practice the values and skills learned and receive positive praise and reward for their success. The primary goals of this character education program are to:

- Establish an orderly and safe environment for learning
- Empower students by developing confidence, tolerance and perseverance.
- Instill values and skills that help students think and act in socially responsible ways
- Promote respectful, kind and healthy interactions.

School Safety Goal 2: Iftin Charter School has taken several steps to achieve our goal to eliminate running on walkways between the lunch arbor and playground. The school reinforces the no-running rule in the classroom and morning assembly. Aides walk grades K-3 to the playground in lines. For grades 4-8, aides are stationed along the route to redirect students and enforce the rule. In addition, this item has been added to the behavior rubric.

The Mandated Reporter materials can be presented in person, by a school nurse and/or Health Tech or can be emailed to new staff to complete. In addition, it is also the responsibility of each site principal to determine if the Mandated Reporter training should include all site staff and to make a request to the appropriate staff trainer (site nurse, cluster nurse, counselor, etc.). Records of who has been trained are to be kept in a principal’s file on the school site. Materials are available from the Nursing & Wellness Program Office and may be checked out on a temporary basis by calling 858-627-7597. This site maintains three disaster kits. The kit(s) are located: In the copy production room at the back of the office.

The Emergency Disaster Kit stores necessary resources for the Site Incident command Team. This kit should not be confused with the Crisis Response Box, which is carried out of the site to a police or fire command post. The following equipment and supplies are stored inside the Emergency Disaster Kit:

The responsibility to transport the Emergency Disaster Kit to an activated Site Command Post belongs to the following individuals:

Primary: Ayaan Farah, Logistics Chief

Alternate: Karen Hernandez, Logistics Chief (2nd Shift)

Crisis Response Box

This site maintains 2 Crisis Response Boxes. One box is for the Site Incident Command Team and one box is for the Public Safety Incident Commander.

The Crisis Response Boxes are located in the Main Office near the administrative assistants desk.. The Crisis Response Boxes are a file folder type box. The boxes are clearly labeled and contain vital information needed by the Site Incident Command Team and Public Safety Incident Commander (in the event a Public Safety Command Post is established). Further assistance can be found in District Administrative Procedures 5000. The following information is stored inside each box:

- Current copy of the Site Emergency Plan which includes site evacuation procedures, street map, aerial photo including all new structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, classroom numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures, and other site specific emergency information.
- Current map of site or school layout. Map must show ALL buildings, classroom numbers, and evacuation routes.
- Most current blueprint (architectural drawings).
- Current roster of students and employees assigned to the site, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- A list of the site's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- **If available, current student photos on Thumb drive or most recent photo annual.**
- Telephone numbers listed in numerical order for each classroom/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Site Incident Commander. The Site Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace information belongs to the site.

The responsibility to carry the box to an activated Public Safety Command Post belongs to the following individuals:

Primary: Site Incident Commander, Maslah Yussuf, Chief Executive Officer

Alternate: Planning and Intelligence Chief, Hussein Nur, Parent Liaison

Emergency Quick Reference Guide

This manual often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. The information in this guide is drawn directly from the District's Emergency Procedures. Each classroom and office has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All employees should familiarize themselves with the content annually.

SITE EMERGENCY OPERATIONS OVERVIEW

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain on site to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a position in the following list, the teacher will first accompany the students to the Assembly Area, where they will be reassigned to another teacher. The teacher will then carry out assigned responsibilities.

Plan Maintenance

The Site Incident Commander (SIC) is responsible for the maintenance of this plan. School Police Services is responsible for annual plan review. Appropriate changes or modifications shall be forwarded by the SIC to School Police Services for approval prior to any distribution. All of the District's Plans will be stored on a secure website that will be monitored and maintained by School Police Services.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Site Incident Commander (SIC) will coordinate annual training for all employees on the basic emergency procedures in this plan. All new employees assigned to the site will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS, NIMS, and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Site Incident Command Team will receive additional training specific to their duties every year by the SIC and School Police Services.

The SIC will coordinate annual exercises for all employees as outlined in District Emergency Procedures 16.

SITE INCIDENT COMMAND TEAM OVERVIEW

According to the ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases one individual may be able to fill more than one “position.” (Example: in a small incident the School Principal oftentimes serves as the Site Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed.

Site Incident Command Team Assignments

Key employees are to be pre-assigned to the Site Incident Command Team and have specific duties during emergencies. These duties include:

1. **Site Incident Commander (SIC)** – responsible for overseeing on-site emergency operations. Typically also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Officer duties.
 - **Safety Officer**—ensures that all activities are conducted in as safe a manner as possible.
 - **Public Information Officer**—acts as official spokesperson for the site in an emergency situation, until the District PIO (Communications Officer) is available.
 - **Liaison Officer**—serves as the point-of-contact for agencies outside of the district’s organization.
 - **Operations Chief**—manages direct response to the on-site emergency.
 - **Site Faculty Check and Security**—controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to SIC.
 - **Search & Rescue Leader and Team**—Checks campus for damage, rescues victims, and reports site conditions.
 - **First Aid & Medical Leader and Team**—provides medical response including CISM (Critical Incident Stress Management).
 - **Student/Parent Reunification**
 - **Assembly Area**—ensures the care and safety of all students on campus (except those in the Medical Treatment Area).
 - **Request Gate**—processes requests by parents or authorized adults for release of students.
 - **Release Gate**—assures proper release of students to parents or authorized adults.
2. **Planning & Intelligence Chief**—in charge of collection, evaluation, and documentation of information about the incident.
 - **Documentation**—collects, evaluates, and documents event.
 - **Situation Analysis**—assesses need for additional personnel and resources.
3. **Logistics Chief**—provides facilities, services, personnel, equipment, and materials to support response—includes food and transportation services.

- **Supplies, Facilities, and Staffing**—provides supplies, equipment and staffing support response.
4. **Finance & Administration Chief**—tracks purchases, staff hours, and costs.

The Emergency Roles and Responsibilities Section (Section four) of this plan provides checklists for each of the above assignments. The Site Incident Command Team will report to the Site Incident Commander at the Command Post. Any employee may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

The District's Emergency Operations Center (EOC) located at the District's Offices' may be activated to support on-site emergency operations. In the event that the District EOC is activated, the Site Incident Commander will establish communications and coordinate closely with EOC.

It's important that the Site Incident Command Team refer to both the Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

SITE EVACUATION PROCEDURES

Notification

The Site Incident Commander is responsible to notify the site's Incident Command Team when an evacuation is necessary. School Police Services, in coordination with the SIC is responsible for activating the evacuation notification procedures for district level personnel.

The Signal for evacuation is:

Fire alarm—ten short rings alternating with a five second pause for two minutes.

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

If evacuation is requires, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Site Incident Commander is responsible for ensuring that employees and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each classroom and department has developed plans for ensuring that all employees/students receive evacuation notification and are moved to a pre-designated evacuation site. All staff members are trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

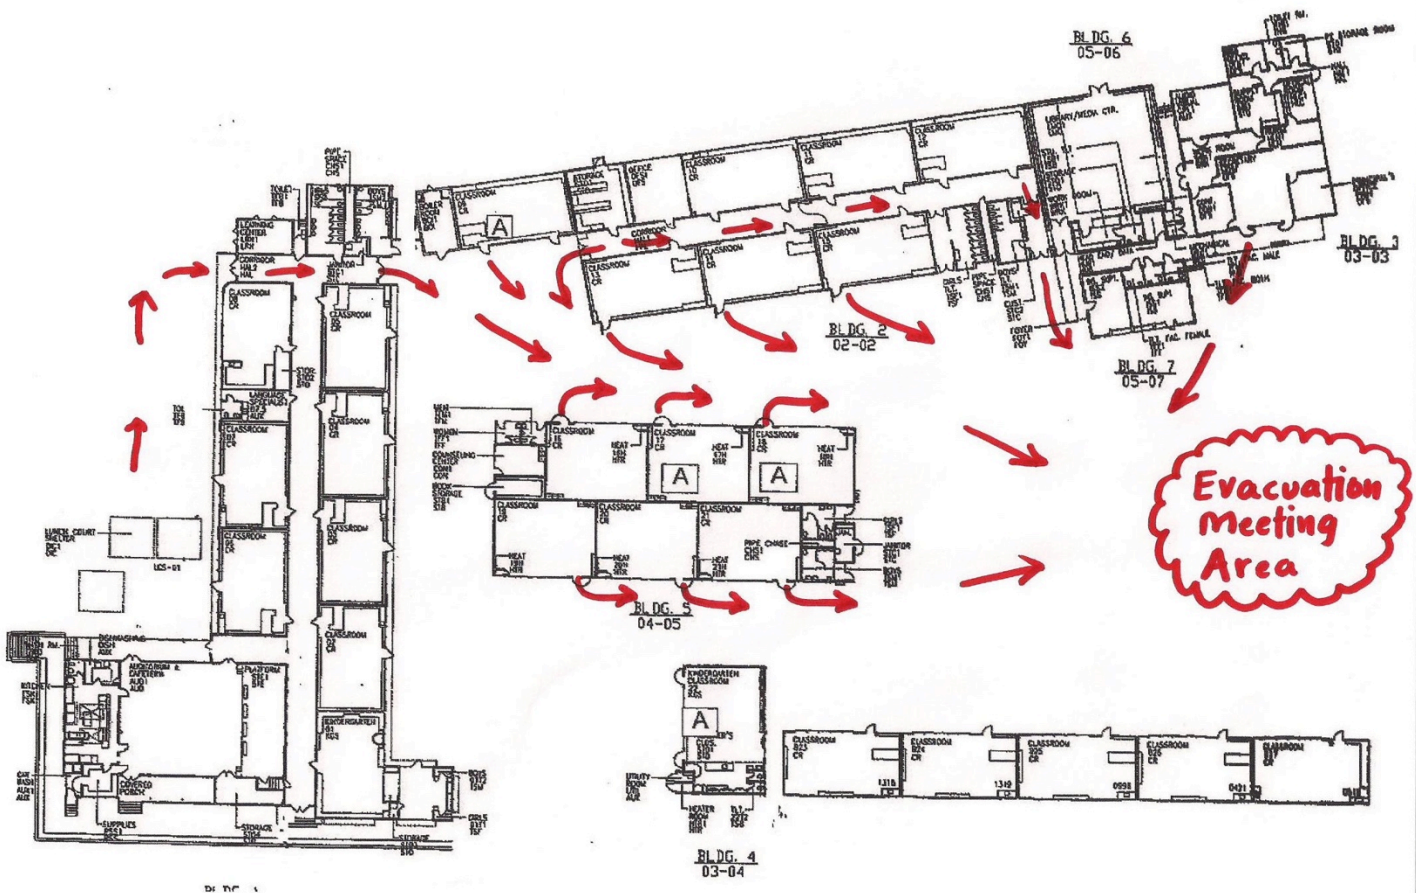

Primary: Site Incident Commander; Maslah Yussuf, Chief Executive Officer

Alternate: Planning and Intelligence: Hussein Nur, Parent Liaison

Evacuation Locations

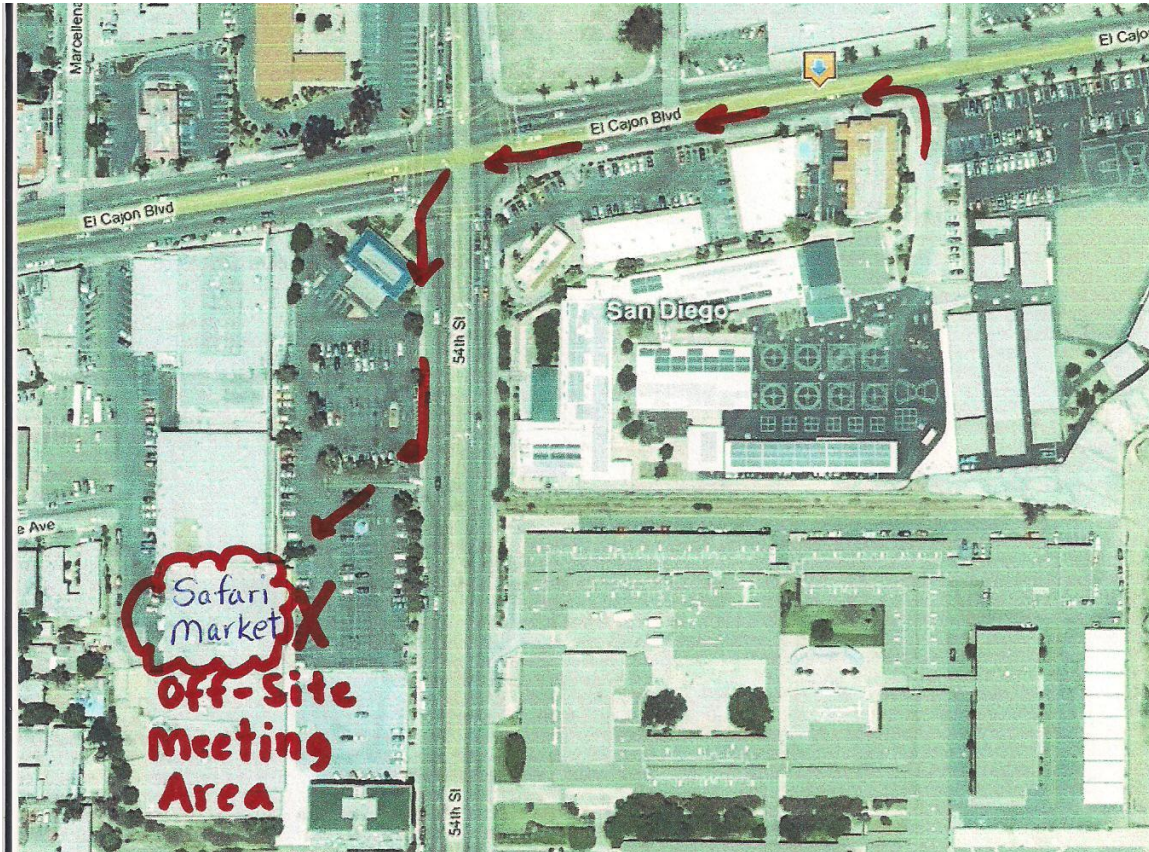

ON-SITE EVACUATION

When an evacuation is ordered, all employees/students will leave the building via assigned areas on the north end of the playground.

OFF-SITE EVACUATION

In the event that the situation requires a further distance be placed between individuals and the facility, the Site Incident Commander will direct individuals to proceed to the parking lot of the **Grocery Outlet (4360 54th Street)** across the street on the SW corner of El Cajon Blvd & 54th St. If a gate key is needed but not readily available, the lock should be cut using the bolt cutters found in the Emergency Disaster Kit.

Persons with Disabilities

In an emergency, persons with disabilities may need special assistance in evacuating to the designated location. Each Site Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with

disabilities or other employees who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time. Proper signage for this area is “Area of Rescue Assistance.” Evacuation maps will articulate this information.

The responsibility to determine disability needs, assign appropriate staff, and ensure proper resources for evacuation and reunification belongs to the following individuals at this site:

Primary: Site Incident Commander Maslah Yussuf, Chief Executive Officer
Alternate: Ali Hori, Principal

Return to Facility

The Site Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return safely to the facility. In the event that employees or students must be released early, the Site Incident Commander must request approval from the Principal. School Police Services should be advised of this information.

The notification for a safe return to facilities located at this site is:
Five short bells.

SITE SHELTER-IN-PLACE PROCEDURE

Shelter-in-Place generally occurs when evacuating the site is more dangerous than taking cover inside a building. This generally occurs during natural disasters, severe weather conditions, or health hazards. The following procedure applies to this site. Additional information is available in District Emergency procedure 04.

Notification

The Site Incident Commander is responsible to notify the site's Command Team when a Shelter-in-Place is necessary. School Police Services, in coordination with the SIC is responsible for activating the Shelter-in-Place notification procedures for district level personnel.

The signal for Shelter-In-Place is:
Three short bells or personal runner.

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

Activation & Deactivation

Quickly direct students and staff inside to the nearest room; do a verbal and visual sweep as you get everyone inside. Lock all doors and windows leading into the room, including the interior doors. Doors may be opened for late arrivals if the exterior environment is safe. Take student attendance and report missing students to the office by radio, telephone or email. For environmental emergencies, try to seal air vents and gaps under doors and around windows. Monitor your local radio, T.V. or e-mail for updates. Remain in shelter-in-place until the "all-clear" signal is sounded.

Return to Facility

The Site incident Commander, in consultation with the Public Safety commander if necessary, will determine when individuals can return to the facility. In the event that employees or students must be released early, the Site Incident Commander must request approval from the Principal. School Police Services should be advised of this information.

The notification for a safe return to facilities located at this site is:
Five short bells.

SITE LOCKDOWN PROCEDURES

A lockdown is the act of confining students and personnel in a secured location until an emergency or threat (e.g., police activity) is over. You may be required to lockdown your room or facility when a dangerous person or situation is present on or near the site.

Notification

The Site Incident Commander is responsible to notify the site's Incident Command Team when a lockdown is necessary. School Police Services, in coordination with the SIC is responsible for activating the lockdown notification procedures for district level personnel.

The signal for lockdown is:

Three Long Bell Rings

If primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

Activation & Deactivation

Quickly gather students and personnel to the nearest room; do a verbal and visual sweep as you gather everyone inside. Lock all doors and windows, including any interior doors. Close all window coverings to prevent anyone from seeing inside your room. Keep away from doors and windows, be quiet. Take attendance, and radio, telephone, or email the information to the office. Monitor your radio, T.V. (low volume) or email for updates. If you hear gunfire or if someone tries to enter your room, have everyone "Duck, Cover, and Hold" under desks. Do not open doors or windows. Remain in lockdown until the "all clear" signal is sounded. Remember to lower the volume on the radios, phone's or place on vibrate as to not alert any intruder.

Return to Facility

The Site Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that employees or students must be released early, the Site Incident Commander must request approval from the Principal. School Police Services should be advised of this information.

The notification for a safe return to facilities located at this site is:

Five short bells.

SITE NOTIFICATION & REUNIFICATION PROCEDURES

Following a lockdown, shelter-in-place, or other emergency action, there may require a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following site procedure is developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notifications

In the event the principal or site administrator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify School Police Services. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the district's student database.

Reunification

On-Site reunification will generally occur from the location pre-identified as the o-site evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Designated staff will use school attendance information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this site:

Primary: Site Incident Commander, Maslah Yussuf, Chief Executive Officer

Alternate: Ali Hori, Principal

SITE EARTHQUAKE PROCEDURES

Earthquakes often occur without notice and generally have after-shocks, which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this site. Additional information is available in Emergency Procedure 05.

Notification

Give the command to Drop, Cover, and Hold at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your site earthquake evacuation and assembly plan for reunification.

Monitor your school emergency radio for possible updates and instructions from the district's emergency operations center. Use radio channel 10.

Do not return to the inside of any building until emergency personnel check the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise your principal or site administrator of the situation. Contact School Police Services at 619-291-7678.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

SITE FIRE PROCEDURES

Fires often occur without notice and can spread quickly if not addressed. Building evacuations will generally occur following a fire notification due to potential damage of burns and smoke inhalation. The following fire information pertains to this site. Additional information is available in Emergency Procedure 02.

Notification

Notify your principal/site administrator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and student of the fire location and condition—activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the fire department (“911”) or notify School Police Services by calling 619-291-7678. **If phone service is unavailable, use your emergency radio (channel 10).** School Police will handle notifying the proper emergency and communication personnel.

Render first aid as needed. Be sure to notify School Police Services of injuries.

Activate specific components of your site emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the site assembly area until the situation is under control. (See Emergency Procedure 17).

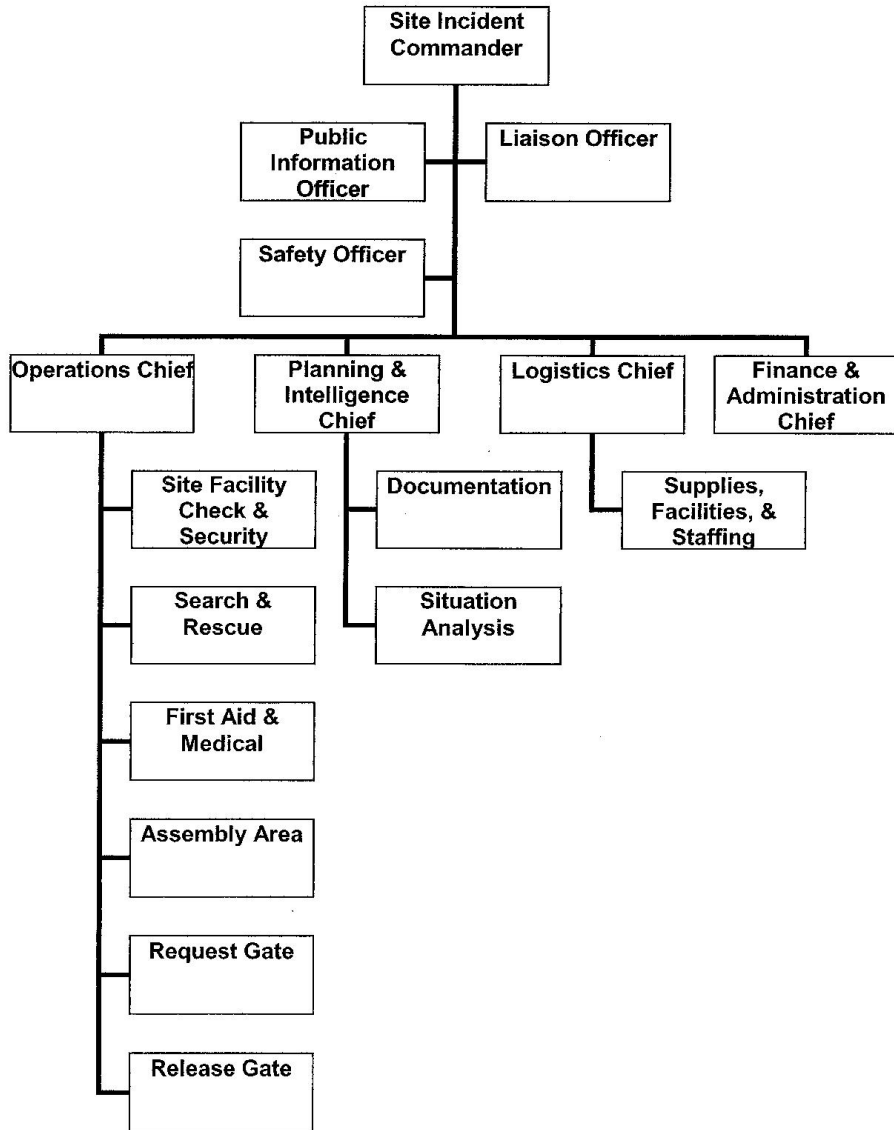

Have some staff standing by the site entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the site or arrange for an early dismissal.

DISASTER PROCEDURES, ROUTINE AND EMERGENCY

A. A site emergency plan (Attachment A) has been developed to provide for the safety of students, staff, visitors, building and assets. It includes organization of staff to meet in an emergency. Staff and students have been participating in monthly drills on the 2nd Wednesday of each month using a system of warnings, with instruction and preparation. All staff members have received their emergency assignments.

B. At Iftin Charter School we follow a policy of no false drills. Every student and staff member must evacuate the building in a complete and orderly manner. Staff and students remain in the safe assembly area in the East side of the playground until the Principal gives the all clear notice and the all clear whistle/bell is sounded to signal a return to the classrooms.

POLICIES RELATED TO SUSPENSION, EXPULSION, OR MANDATORY EXPULSION AND OTHER SCHOOL-DESIGNATED SERIOUS ACTS WHICH WOULD LEAD TO SUSPENSION OR EXPULSION.

- A. Copies of Iftin Charter Schools discipline policy (Attachment B,) including policy on suspension and expulsion, are sent home annually at the beginning of each school year as part of the enrollment package.
- B. Suspension is defined as the removal of a student from the instructional environment.
- C. Expulsion is defined as the removal of a student from the control and supervision of the school.
- D. Students may be suspended or expelled from Iftin Charter School for non-compliance with the terms of the parent-student agreement, or any material violation of any of the conditions, standards, or procedures set forth in the Charter School petition, the school handbook, or of the school's policies and procedures. Students, who fail to demonstrate adequate and appropriate progress toward the student standards, as determined by the professional

judgment of the certificated staff assigned to that student, will be subject to a (n) expulsion hearing(s).

E. Iftin Charter School regards suspension and expulsion as a last resort. Criteria for suspension and expulsion of students shall be consistent with all applicable Federal statutes and State constitutional provisions. All related hearings will conform to the State and Federal laws regarding discipline, special education, confidentiality, and access to records.

F. **Mandatory Expulsion Offenses Pursuant to Education Code Section 48715(c) – Zero Tolerance (All Students).** The school Principal or designee must immediately suspend and recommend for expulsion a student that he/she determines has committed any of the following acts at school or at a school activity off school grounds:

- **Use, possession or brandishing of a weapon** will result in a recommendation for expulsion. A weapon is defined as, but not limited to, a firearm, pistol replica, starter pistol, stun gun, BB gun or pellet gun, a knife of any size or type, razor, slingshot, any explosives or fireworks. Any object used in a dangerous manner will also be considered a weapon.
- **Repeated incidents of fighting, violent acts, or causing serious injury to another person** will result in a recommendation for expulsion
- **Attempting to commit or committing a sexual assault** and committing a sexual battery.
- **Our school has a NO ALCOHOL, TOBACCO, or other DRUG USE POLICY** If you are found to be selling, furnishing, or possessing an amount determined to be for more than personal use of controlled/prohibited substances, you will be recommended for expulsion on your first offense. For possession or use, expulsion will be recommended on your third offense, except for tobacco offenses; if you are found in possession of tobacco you will be recommended for expulsion on your fourth offense.

Suspension/Expulsion

Iftin Charter School (ICS) regards suspension and expulsion as a last resort. This Students Suspension and Expulsion Policy has been adopted in order to promote learning and protect the safety and well-being of all students at ICS. ICS students and staff are expected to respect others and support teaching and learning. Prohibited behavior includes, but is not limited to offensive language, ignoring a staff request, threats, slander, sexual harassment or misconduct, lying, theft, and fighting. Willfully causing physical or emotional harm to another member of the ICS school community, including bullying and cyber-bullying, will lead to further disciplinary action. Any student who steals from the school, another student, or a staff member will be subject to further disciplinary action.

Step 1: Informal Conference:

Suspension shall be preceded by an informal conference by the Principal, with the student and the student's parents. The conference may be omitted if the Principal determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the student is suspended without a conference, the parents are notified of the suspension and a conference is conducted as soon as possible.

Step 2: Notice to Parents

Parents and students have due process rights with regards to suspensions and expulsions. At the time of a student's suspension, a school employee shall make a reasonable effort to contact the parents by telephone or in person. A written notice will follow the initial contact. This notice states the specific offense committed by the student. In addition, the notice may also state the date and time the student may return to school. If the school officials wish to confer with the parents regarding matters pertinent to the suspension, the notice may note that the parents are required to respond without delay, and that violation of school rules can result in expulsion from the school.

Step 3: Determination of Length of Suspension:

The length of a suspension, when not including a recommendation for expulsion, shall not exceed five (5) consecutive days per suspension.

Step 4: Two or More Days Suspended Students Rights (AB 982):

Upon request of a parent, a legal guardian, or other person holding the right to make educational decision of the suspended students of two or more schooldays or the affected student, the teacher of the pupil is required to provide the homework that the student would otherwise have been assigned. If the student turns in the homework to the teacher which the pupil or his/her guardian requested upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that the assignment not be included in the calculation of the pupil's overall grade in the class.

Step 5: Recommendation for Expulsion

If the Principal's recommendation is for expulsion, the student and the student's parents is invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. The Principal upon either of the following findings makes this determination:

The student's presence will likely be disruptive to the educational process

The student poses a threat or danger to others

Upon this determination, the student's suspension will be extended pending the results of an expulsion hearing. Students will be recommended for expulsion if the school leader finds that at least one of the following findings may be substantiated:

Other means of correction are not feasible or have repeatedly failed to bring about proper conduct

Due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the students or others.

Step 5: Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing will be held within 30 days after the school Principal determines that an act subject to expulsion has occurred. The hearing may be presided over by the Board of Directors or an administrative panel appointed by the Board. Written notice of the hearing will be forwarded to the student and student's parents at least 10 calendar days before the date of the hearing. This notice will include:

The date and the place of the hearing

A statement of the specific facts, charges, and offense upon which the proposed expulsion is based

A copy of the disciplinary rules that relate to the alleged violation

The opportunity for the student or the student's parents to appear in person at the hearing

The opportunity for the student to be represented by counsel

The right to examine and acquire copies of all documents to be used at the hearing

The opportunity to cross-examine all witnesses that testify at the hearing

The opportunity to present evidence and witnesses on behalf of the student.

Upon expulsion, the Principal will send written notice to the parents of any student who is expelled. This notice will include the following:

The specific offense committed by the student for any of the acts listed in “Reasons for Suspension and/or Expulsion.”

Notice of the student or parent obligation to inform any new district in which the student seeks to enroll of the student’s status with ICS.

In the event of a decision to expel a student, the school will work cooperatively with the district of residence, county and/or private schools to assist with the appropriate educational placement of the student who has been expelled. Any incident of violent and/or serious student misbehavior shall be communicated to the district/school to which the student matriculates.

Appeal of Suspension/Expulsion

Parents shall be notified in advance to enactment of the suspension or expulsion and can appeal a student’s suspension or expulsion.

The suspension of a student will be at the discretion of the Principal or the Principal’s designee. A suspension appeal may be made to the principal within the term of the suspension. Following due consideration, the Principal’s decision regarding student suspension will be considered final.

An expulsion may be appealed within five working days and must be submitted in writing to the principal. The student will be considered expelled until a meeting is convened to hear the appeal (within 10 working days), at which time the parents must attend to present their appeal. A fair and impartial panel of representatives assigned by the Board of Directors will hear the appeal. The decision of the panel of representatives of the Board will be final.

Rehabilitation, Interim Placement, and Readmission

Students who are expelled from ICS shall be given a rehabilitation plan upon expulsion as developed by the charter school’s Board of Directors at the time of the expulsion order, which may include but not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should also include a date not later than one year from the date of the expulsion when the student may reapply to the charter school for readmission.

The decision to readmit a student or to admit a previously expelled student from another school district or charter school shall be in the sole discretion of the Board of Directors of the school. With the student and guardian or representative, the Principal and the Board of Directors will determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The student’s readmission is also contingent upon the capacity of the charter school at the time the student seeks readmission.

Special Education Discipline

ICS recognizes that disciplinary procedures are different for special education students. Disciplinary action will be taken according to federal, and state policies on special education students. The IEP team and the school leader or designated administrator will be responsible for managing continued violations of school policies by special education students.

While suspended, the student may not loiter on or about any school grounds at any time, nor attend or participate in any School activity at any time, no matter where such activity is taking place. Violation may result in further disciplinary action.

The School shall consider suspension from school only when other means of correction fail to bring about proper conduct or where the student's presence would constitute a danger to persons or property or seriously disrupt the educational process.

A pupil may be suspended or expelled for any acts that are listed in this handbook and related to school activity or attendance that occur at any time, including, but not limited to any of the following:

While on school grounds

While going to or coming from school

During the lunch period, whether on or off the school campus

During, going to or coming from a school sponsored activity

Grounds for Suspension and Expulsion of Students

Students may be dis-enrolled, suspended or expelled, as appropriate if they or their parents or guardians violate provisions of the ICS Handbook or if students engage in behavior listed in Education Code Sections 48900, 48900.2, 48900.3 or 48900.4.

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at the School or at any other school or a School sponsored event at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity. Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension.

Should the investigation establish that an individual has engaged in conduct prohibited under this Policy, disciplinary action warranted by the results of the investigation will be taken against the offending employee(s). To be clear, any employee found to be engaging in conduct prohibited under this Policy will be subject to discipline.

If you have filed a complaint, or have participated in an investigation, and believe that you are being or have been retaliated against, you **MUST** immediately report this matter to one of the persons mentioned above in the sub-section titled "Reporting Complaints of Discrimination or Harassment."

If you believe that you have been subjected to discrimination because of your race, color, religion, sex, sexual orientation, alienage, citizenship status, marital status, status as a Vietnam era veteran, national origin, age, handicap, disability, or any other characteristic protected by federal, state and/or local law, or if you believe that you have been retaliated against for complaining about discrimination or participating in an investigation, it is *your* responsibility as an employee to utilize the complaint procedure established in this Policy for the purposes of preventing and correcting this unacceptable workplace behavior.

Iftin Charter School (ICS) desires to provide an orderly, caring and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements. ICS' discipline policy will be applied to students in a fair and consistent manner; without favoritism or prejudice. ICS believes in a school environment which promotes an atmosphere of teaching and learning. Learning takes place when there are high expectations, encouragement, positive motivation and acceptance. Teachers shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

The school shall prepare students for responsible citizenship by fostering self-discipline and personal responsibility. High expectations for student behavior, effective classroom management and parent involvement can minimize the need for discipline. Staff shall use preventative measures and positive conflict resolution techniques whenever possible.

Clear definition of acceptable student conduct provides the basis for sound disciplinary practices.

Discipline & Safe Learning Environment

ICS maintains a discipline policy whose goal is twofold. The first is to ensure the right of each student to a safe and orderly learning environment and the second is to help each student develop positive behavior patterns. Our expectations for student behavior are based on respect. We expect students to respect themselves and others as well as the learning environment. Every effort will be made to work with students and their parents to resolve behavioral issues by helping the student learn acceptable boundaries, self-control, problem-solving and effective communication. *Students who are disrespectful of their peers and teachers and continually disrupt the learning environment will be dealt with according to the ICS Discipline Management Plan.*

Discipline Management Plan

Students are given clear, reasonable expectations as participants in the learning environment. When students disrupt the learning environment or behave in unsafe or unhealthy ways, their choices will have consequences. Teachers will deal with the misbehavior and administer consequences that may range from a warning to immediate removal from the class based on the seriousness of the infraction. A discipline referral, a note, or a phone call will serve as notification to the parents. Infractions include but are not limited to:

- inappropriate or aggressive physical behavior
- foul language
- inappropriate off-task behaviors that disrupt learning
- defacing or vandalizing materials, equipment, or facilities

Referrals are not generally made unless a student has been first warned. *A student may be referred to the DEAN OF STUDENTS for seriously disruptive, disrespectful, or dangerous behavior.* Please see the behavior rubric on the next pages that explains consequences for behavior.

Code of Conduct

ICS students are expected to be safe, orderly and respectful of the rights of others. All students at Iftin Charter School will:

1. Be courteous and respectful to each other and to Staff Members.
2. Follow directions given by any Staff Member, the first time.

3. Wear clothing that meets the uniform policy.
4. Keep the school building, grounds, furniture, materials, textbooks, and equipment in good condition.

Therefore, no employee shall work or report to work while under the influence of alcohol, illegal drugs, or any substance that would affect his/her ability to perform the job in a safe and efficient manner.

No employee shall consume, display, be under the influence of, or have in his/her possession, including the workplace or in organization vehicles, any intoxicant including alcoholic beverages, Marijuana, controlled substances or illegal drugs at any time during the workday, including during lunch, breaks, and on-call hours. To do so could jeopardize the safety of students, other employees, organization equipment, and Iftin Charter School's relations with the public, and is a prime cause for disciplinary action, up to and including discharge. Bargaining Unit Members of SDEA may be released or dismissed only in accordance with the Collective Bargaining Agreement.

When employees are required to take any kind of prescription or nonprescription medication that may potentially affect their job performance, they are required to report this to their immediate supervisor, who will determine if it is necessary to temporarily place them on another assignment or take other appropriate action. To protect the best interests of employees and the public, Iftin Charter School will take whatever measures are necessary to determine if alcohol or illegal drugs are located on or are being used on organization property. Measures that may be used will include but not be limited to searches of people and of personal property located on organization premises, which may be conducted by law enforcement authorities or by management, as well as drug and /or alcohol tests to be conducted when there is reasonable suspicion of substance abuse.

When urinalysis and/or blood tests are requested or necessary, samples will be taken under the supervision of an appropriate health-care professional. The above-mentioned searches and drug tests will not be conducted if an individual refuse to submit; however, refusal to submit will result in immediate removal from service and may result in termination.

Employees experiencing problems with alcohol or other drugs are urged to voluntarily seek assistance to resolve such problems before they become serious enough to require management referral or disciplinary action. If you have questions regarding this policy or issues related to drug or alcohol use at work, you can raise your concerns with your immediate supervisor or the Administrative Assistant without fear of reprisal. Under the Drug Free Workplace Act, if you perform work for a government contract or grant, you must notify Iftin Charter School if you have a criminal conviction for drug-related activity that happened at work. You must make the report within five days of the conviction.

TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn and negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Iftin Charter School ("ICS") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."
