Monthly Financial Board Report- Joshua Eng, CSMC

This report is as of Feb 28, 2022, compared against our board-approved budget on Nov 19, 2021, based on 400 students enrolled and 380 ADA. The budget is subject to a negative change if these ADA numbers are not met. P1 ADA was 383.

GOVERNING BOARD MINUTES - Regular Meeting

YTD Revenues Through Feb 28, 2022, are \$3,133,270 or 12.1% over our current budget due to timing, as funds were advanced to the school earlier than expected. This is not an increase in new revenue. However, the school has received ~\$127k in meal reimbursements. Though this is new revenue, most of it is offset with new expenses noted in the expense description below.

*Please note: we have discussed with the school and noted that a large amount of the revenue in the budget is built around restricted funds; if the school does not meet these spending or compliance requirements, this revenue will not be recognized and thus negatively effect the budget and thus actuals.

YTD Expenses Through Feb 28, 2022, are \$3,358,027 or 5.7% under our current budget due to the timing of actual expenditures being behind our budgeted timing. This does not indicate a savings. However, there are \$80k in student meals that are unbudgeted for. This has been offset by the new revenue noted above.

Despite the current actual expenses being under budget, the school is currently over their yearend budget in the following categories: Textbooks, Noncapitalized Equipment, Student Equipment, Dues & Memberships, Utilities, & Building Maintenance. The sum of these overages is ~\$37k. Therefore, net deficit is \$224,757 or 70.6% under our current budget.

Balance Sheet

As of Feb 28, 2022, we had total cash of \$1,929,300, short-term liabilities of \$201,535, and long-term liabilities of \$0. The ending fund balance is \$2,028,376.

Turf Install Project: Abdi Mohamud

Iftin Board approved Turfworx vendor to install turf on playground on 9/24/21 board meeting. Turfworx ran into hurdles and could not fulfill the job as promised. Demolition, Fencing and concrete were challenges for the vendor.

We reviewed other proposals submitted by other vendors and found Evo Turf as an alternative to fulfill the playground turf project. The pricing and the availability of materials and timeframe were all aligned with our expectations.

Maslah Yussuf (CEO): Thank you Board president and Board members. As always, our team is committed to create a positive school climate. I am pleased to see the team work very hard every single day to improve our student education and make sure every student gets high quality education.

- We are carefully planning our upcoming summer school which we have on the agenda today and hope the board will approve today.
- This summer school, we will focus on reading and hope to improve reading levels for all our students.
- We are partnering with SDSU reading center who will bring 10 of their SDSU employees to help facilitate some of the summer program activities.
- We project student instructor ration to be 6-1 because we want students to get 1-1 attention.
- PE team will plan sports activities during summer sessions to help motivate our students.
- We have a grant for the summer program which will help the cost.
- We lost some teachers but we have candidates we are going to interview in the next few weeks. ELPAC test is ongoing very well, we will complete once we comeback. Next is CASP.

Ali Hori (Principal): Please approve summer program because it will help cover the learning gap that exists because of the pandemic. ICS parents are very supportive of the summer program so we expect a good number student to participate.

Abdi Mohamud: Enhancing ICS network work will begin in June of 2022. Turf work is going great and on-

Have started on time. Completion is expected to be in the next 2-3weeks. Also, we are in contact with another vendor for lighting since we plan our partners in the community to use the facility at night.

Mr. Walt (Utmost - PE Teacher): Our mission is to create better versions of each student. This year we will focus on mental health and knock down barriers. We will continue to make students our priority. We want to teach kids success and we will build their confidence. We want to create a healthy competition.

Financial Summary: Josh Eng, CSMC:

- -ADA concern as budget may be impacted by a negative change to the ADA.
- -Potential Negative ADA budget impact ~175k but it will clearer as we get close to the end of FY.
- -Main category that exceeded budgeted amount so far is Utilities.
- -No major changes to the projected deficit since our last month's presentations.

Ibrahim Hassan – We have solar; why do we have more expenses with utilities?

Josh Eng: I am not really sure; admin may be able to explain.

Shuayb Mumin: How do we compare to other similar schools over all on the health of our finances? **Josh Eng** – Iftin has very healthy savings and are in a very fiscally very sound.

Faisal Ali: What would you say is the main changes from our original budget vs actuals as of today?

Josh Eng: Savings on benefits and because of that we expect that to offset other categories in deficit.

Faisal Ali: School has good savings and that is why we have decided to spend on few important items this year such as the turf field construction.

Josh: Yes, school has very good savings compared to other schools and you can afford to spend on these projects.

School Year Calendar 2022-23

Mr. Ali Hori – Here is the new school master calendar for 2022-2023. As you can see there are no major changes as it is very similar to this year's calendar. Obviously, Ramadan will fall roughly in the last week of March in 2023 so our spring break will continue to be the last 2 weeks of Ramadan which students and parents continue to support. Please let us know if you have any questions or concerns about the new calendar.

Overview of LCAP

The LCAP is an acronym for the Local Control and Accountability Plan. the document that communicates to internal and external stakeholders and how the LEA plans to operationalize equity.
